## MEDIA STATEMENT

## FOR IMMEDIATE RELEASE

The Islamic Medical Association of South Africa is abhorred by the complete callousness and disregard for the sanctity of human life and human rights displayed by the Israeli Zionist Forces by repeatedly attacking unarmed, defenceless men, women and children worshippers in the UN recognised holy sanctuary of the Al Aqsa Mosque compound, during the Holy Month of Ramadaan.

This in keeping with their occupation, oppression and apartheid policies perpetrated since the establishment of the racist Zionist state in 1948. While Israel spends millions to maintain an image of the only so-called democracy in the middle east, its actions have abhorred even its supporters.

It is indeed time that public opinion shows up the Israeli Zionist State for what it is, sadly a neo-Nazi fascist regime, hellbent on brutalizing Palestinians into submission.

IMASA supports all peaceful protest action, media advocacy, BDS principles in support of liberating the Palestinian people and Al Aqsa Mosque. We pray that our collective humanitarian efforts of condemnation of the ongoing oppression, will yield the desired outcome of justice and peace, in the besieged land.
