Statement on SAJBOD attack on Dr Imtiaz Sooliman

The Islamic Medical Association of South Africa strongly condemns the Zionists attack on Dr. Imtiaz Sooliman, founder, and CEO of Gift of the Givers. It's appalling that Zionists in South Africa not only defend and support the genocide in Palestine and massacres in Southern Lebanon but also promote a racist and immoral philosophy and use accusations of antisemitism as a tool to silence those who speak out against their injustices.

The recent attack on Professor Shabir Madi, Dean of Health Sciences at Wits and journalists who dare to speak truth to power are other examples of Zionists' shamelessness.

Dr. Sooliman, a champion of humanitarian causes, is the latest target. The SAJBOD accusations must be dismissed with contempt.

We stand firmly in support of Dr. Sooliman's humanitarian campaigns and his right to speak truth to power.

It is becoming tiresome to see the continuous abuse of the term anti-semitic by Zionists to try to silence critics.
